(RAILWAY BOARD.)

NOTIFICATION.

Simla, the 17th September 1930.

No. 381-E.G.—The following rules and regulations published with this Department Resolution No. 2894-E., dated the 9th November 1927, amended up to date, are published for general information.

J. F. BLACKWOOD,
Secretary, Railway Board.

Regulations for the recruitment in India for the Mechanical Engineering and Transportation (Power) Departments of the Superior Revenue Establishment of State Railways.

PART I.—GENERAL.

1. The permanent establishment of the Mechanical Engineering and Transportation (Power) Departments of the Superior Revenue Establishment of State Railways is recruited from the following sources :—

(1) Persons of non-Asiatic domicile appointed by the Secretary of State by selection from the United Kingdom.

(2) Persons of Indian domicile appointed in India by the Government of India by selection under these regulations.

(3) Promotion of specially qualified subordinates of the department concerned.

(4) Occasional admission of other qualified persons.

NOTE.—These regulations provide for periods of training to persons appointed in India, *vide* Appendix I. Until apprentices recruited under these regulations become fully qualified, requirements of the departments will be met by recruitment under clauses (3) and (4) and by recruitment of persons of non-Asiatic or Indian domicile by the Secretary of State by selection in the United Kingdom.

2. The final selection of candidates for appointment by selection will be made on the recommendation of the Public Service Commission, and only candidates selected by Local Selection Committees will be considered at the final selection. Regulations prescribing the qualifications of candidates, and method of selection are detailed in Part II of these Regulations.

3. From the list prepared by the Public Service Commission (*vide* Regulation 26) of candidates who have in the opinion of the Commission attained the qualifying standard, candidates, to the extent of twice the number of vacancies to be filled, will be appointed as special class apprentices (see Regulation 4 below) provided that the Government of India are satisfied that they are in all respects suitable for employment in the Railway Services.

Should any selected candidate become disqualified the Government of India will determine whether the vacancy thus created shall be filled or not.

4. Of the total number of apprentices to be appointed by selection two-thirds will be selected in the strict order of merit awarded by the Public Service Commission, provided that number of candidates is declared by the Commission as properly qualified for selection. The remaining one-third will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have been declared by the Commission to have attained the qualifying standard. Such vacancies among the one-third so reserved as may not be required for the redress of communal inequalities, or for which duly qualified candidates may not be forthcoming, shall be filled in the direct order of merit awarded to the candidates by the Public Service Commission.

5. Candidates selected as special class apprentices shall be required to undergo practical and theoretical training. For the periods and courses of training, and terms and conditions of apprenticeship see Appendix I.

NOTE.—The Government of India may at their discretion alter or modify the periods and courses of training.

6. On the successful termination of the apprenticeship, apprentices not less than the number of vacancies against which they were originally selected, will be appointed as probationers on an agreement for three years in the first instance, and will during the period of probation draw pay as shown below :—

	Rs.
First year	375
Second year	425
Third year	475

NOTE 1.—The retention in service of the probationers and the grant of annual increment are subject to satisfactory reports on their work being received at the end of each year of probation.

NOTE 2.—Service as a probationer may be terminated on 3 months' notice on either side.

7. At the conclusion of the probationary period, all probationers, who are favourably reported on, shall be required to undergo a final practical departmental test, and will, if successful, be confirmed in the Mechanical Engineering or Transportation (Power) Department, as the case may be, of the Superior Revenue Establishment of State Railways, on a pay of Rs. 525. On confirmation their agreement will be continued, subject to their service being terminable on six months' notice on either side.

8. Probationers will be required to pass a language examination in Urdu by the preliminary standard, modified to suit the requirements of the Railways, before they can be confirmed or granted any increment, beyond the first, during the period of probation. Probationers, whose vernacular is *Urdu*, may be exempted from passing the language examination. Failure to pass the examination within the probationary period involves liability to removal from service.

9. Officers including probationers appointed under Regulation 6, will not be entitled to pension on quitting the service, but will be eligible throughout their service for the benefits of the State Railway Provident Fund, to which they will be required to subscribe and by the rules of which they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix II.

10. Pay as probationer will commence from the date of landing in India on return from the United Kingdom after completion of training. Service for increment will also count from the same date.

Particulars as to pay are contained in Appendix III.

11. Officers recruited under these regulations will be entitled to leave under the leave rules promulgated in Railway Department (Railway Board) Resolution No. 8373-E., dated 20th February 1930.

12. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment as probationers, and will have no claim, as a matter of right, to transfer to some other Railway. But the Government of India reserve the right to transfer such officers, in the exigencies of service, to any other Railway or project in or out of India.

13. The Government of India reserve the right of assigning, to the officers promoted from the subordinate ranks and to those appointed under Regulation 4 (b), positions in the seniority lists at their discretion.

PART II. QUALIFICATIONS OF CANDIDATES AND METHODS OF SELECTION.

14. Every candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India, or (*iii*) a ruler or a subject of a State in respect of whom the Governor General in Council has made a declaration under Section 96A of the Government of India Act.

15. (1) Every candidate shall make application before such date and in such form as the Governor General in Council may direct. The application shall be made to the authority of the area in which his parents reside at the time of his application or have previously resided for a period of not less than 3 years or in which he has himself resided (otherwise than as a student at a school or University only), for a like period.

(2) The application shall be made, if based on residence in a Governor's province, to the Chief Secretary of that province, if based on residence in Coorg, the N.-W. F. P., Delhi, Ajmer-Merwara or British Baluchistan to the Chief Commissioner concerned, and if based on residence in a State in India to the Political Officer or Agent through the Darbar.

NOTE.—For the selections to be made by local Selection Committees in 1930 and 1931 the Cambridge School Certificate Examination will also be accepted.

21. There will be a preliminary selection of candidates by a local Selection Committee in order to determine what candidates should be considered by the Public Service Commission. The total number of candidates selected by all the Selection Committees shall not exceed 10 for each vacancy to be filled.

NOTE.—The vacancies referred to in this rule are the actual vacancies in the departments and not the number of special class apprentices to be appointed which will be double the number of the vacancies (*vide* Regulation 3).

22. The percentage of candidates to be drawn from each of the areas specified in the following table shall not exceed the number shown against it. This percentage is hereinafter referred to as the " provincial quota " :—

Province, as the case may be, shall appoint a Selection Committee, which shall include at least one non-official member and one member nominated by the Railway Board. A list of candidates selected by the selection committee and who have satisfied the medical board, together with their application forms, shall be sent by the authority appointing the selection committee to the Public Service Commission, with such observations as they may desire to make.

Unless a candidate is in possession of such a certificate he shall not be interviewed by the Public Service Commission.

APPENDIX I.

PERIOD AND COURSE OF TRAINING AND TERMS AND CONDITIONS.

1. Candidates finally selected for appointment under Regulation 3 will be appointed as special class apprentices for six years in the first instance under an indenture, binding them to serve on the State Railways on the completion of their training if their services are required.

The continuance of the apprenticeship from year to year will depend on satisfactory reports being received from the authorities under whom the apprentice may be working. If at any time during his apprenticeship, an apprentice does not satisfy the superior authorities that he is making good progress he will be liable to be discharged from his apprenticeship.

2. The apprentices will be required to undergo practical and theoretical training in a Railway Workshop for the first three years of their apprenticeship. During this period they will be granted a stipend of Rs. 75 per mensem. At the end of each of the three years the candidates will be examined, and, if unsuccessful, will be discharged from their apprenticeship.

3. If successful at the examination at the close of the third year of the apprenticeship, well-reported on during the period of 3 years' training in the workshops and otherwise found suitable—

(*a*) apprentices for the Mechanical Engineering department will continue training in the workshops for another year ;

(*b*) apprentices for the Transportation (Power) department will be transferred to the Running department of State Railways for one year, during which period they will be required, from time to time, to attend courses at the Railway Staff College, Dehra Dun.

During this period of apprenticeship, the apprentices will be granted a stipend of Rs. 100 per mensem.

4. At the expiration of the second period of training referred to in Rule 3 above, the apprentices will be examined, and will be listed in order of merit on the results of this examination and the examinations during the first 3 years of apprenticeship, taking also into account the reports on the apprentices received during the course of the apprenticeship referred to in Rule 1 above. Apprentices to the number of vacancies, for which the selection was made in the first instance, will be selected in direct order of merit for a further period of training for two years (see Rule 5 below), provided that they have attained the qualifying standard, and the others will be discharged from their apprenticeship.

Provided that if at least half the number of the apprentices, selected under Regulation 4 to redress communal inequalities, do not become eligible for selection under this rule, the deficiency will be made good by direct selection, the number to be selected according to merit being reduced by the same number ; in no case, however, will final selection be made if the apprentice has not attained the qualifying standard.

5. Apprentices selected under Rule 4 above will be sent to the United Kingdom to undergo a further period of training for two years, as prescribed in Rule 6 below. During this period of training in the United Kingdom they will be granted a stipend of £250 per annum. They will be granted a free 2nd class passage to the United Kingdom, and during the period of voyage to the United Kingdom, their stipend of Rs. 100 per mensem will be continued.

NOTE 1.—While in the United Kingdom apprentices will be under the supervision and control of the High Commissioner for India.

NOTE 2. Any fee or premium, which may be required, in the opinion of the High Commissioner for India, to secure adequate training, will be paid by Government.

Length of Course—two years.

Special Class Apprentices will be required to specialise in either workshop practice or locomotive running work.

Workshops (a).—In the former case the whole period will be spent in a selected Locomotive or Carriage and Wagon Workshop under conditions existing for apprentices and improvers, three months of the time being spent in the Drawing Office and three months in the Correspondence or Accounts Section.

Theoretical.—In all cases the apprentice will be required to attend, after working hours, a Technical College or special lectures on Engineering subjects, and before returning to India must qualify for Associate Membership of the Institution of Civil or Mechanical Engineers.

7. (*a*) Apprentices who have successfully completed their training in the United Kingdom, and who will be appointed as Probationers in the Mechanical Engineering and Transportation (Power) Departments (*vide* Regulation 6), will be granted a free first class passage to India. The stipend of £250 p. a. will be continued during the period of voyage.

(*b*) Unsuccessful apprentices will be discharged from their apprenticeship, one month's notice of discharge being given along with the intimation that the apprentice has been unsuccessful. They may be granted a free second class passage back to India provided that they embark for India within a period of three months from the date of intimation that they have been unsuccessful.

8. Except as provided for in Rule 7 (*b*) in all cases of discharge from apprenticeship, a week's notice will be given.

APPENDIX II.
